19. ABSTRACT (Continue on reverse if necessary and identify by block number) This report presents in Appendix A the CHAMPUS Catastrophic Quarterly Payment Reports for the First Quarter Fiscal Year (FY) 1996 for thirty-four of the Army TRICARE catchment areas; Second Quarter FY 1996 Quarterly Payment Reports are shown in Appendix B. Each Payment Report lists Privacy Act protected hospitalization patient cases having CHAMPUS claims totaling more than the catchment area's specific FY 1996 catastrophic cutoff amount either at the end of the reported quarter or the prior quarter. The difference between the current and previous quarter's net claim payments equals the catastrophic net payment made for each patient during the quarter. Table 1 at the end of the Summary contains the CHAMPUS Catastrophic Quarterly Payment Schedule, summarizing for each catchment area the catastrophic case cutoff limit, the number of catastrophic cases comprising the First Quarter FY 1996 payment differences, the net claim totals for each of the two quarters, and the payment total between the quarters for all Army TRICARE catchment areas. Table 2 summarizes the Second Quarter's catastrophic payment report data.

SUMMARY	1-3
DISTRIBUTION LIST	5-8
APPENDIX	
A. Army Medical Command; CHAMPUS Catastrophic Payment Reports; 1 October 1995 Through 31 December 1995; By Catchment Area	A-1-45
B. Army Medical Command; CHAMPUS Catastrophic Payment Reports; 1 January 1996 Through 31 March 1996; By Catchment Area	B-1-39

Executive Summary

This report presents in Appendix A (see pp. A-1-45) the CHAMPUS Catastrophic Quarterly Payment Report for the First Quarter Fiscal Year (FY) 1996, and in Appendix B (pp. B-1-39), the Second Quarter FY 1996 Catastrophic Payment Report. For each of thirty-four HQ Medical Command (HQ MEDCOM) TRICARE catchment areas, Privacy Act protected patient cases having CHAMPUS claims totaling more than the catchment area's specific FY 1996 catastrophic cutoff amount are listed with the changes in their net claim payments between the reported and prior quarters. Each Payment Report includes the following for each patient:

(1) the patient unique Inpatient Record Number; (2) the last hospital ending date on record; (3) the last hospital and professional services voucher payment dates; (4) an indicator of whether the case involved a consolidation of hospital stays due to FI adjudication action; (5) the DRG and diagnosis codes and their shortened descriptions; (6) the number of days spent in the hospital; (7) the number of professional services; (8) patient age, sex and beneficiary category; (9) the catastrophic amounts above the site's specified catastrophic cutoff amount on the first and last days of the reported quarter; and (10) the difference of these two catastrophic totals which equals the catastrophic net re-insurance payment made for each patient during the quarter. Dollar amounts are summed over all patients to total within a catchment area for each Payment Report. Tables 1 and 2 at the end of this Summary (pp. 4, 5) contain the CHAMPUS Catastrophic Quarterly Payment Schedules which list the quarterly summary totals of each catchment area's number of catastrophic cases and catastrophic total amounts from the Payment Reports, summing these totals over all catchment areas for each quarter.

Only cases with CHAMPUS claim payment totals exceeding the catchment area's catastrophic threshold amount are presented. Each cutoff amount is noted in the footnote area on the catchment area's output on its quarterly Catastrophic Payment Report (Appendices A, B; pp. A-1-45, B-1-39) and on the CHAMPUS Catastrophic Payment Schedule (Tables 1, 2; pp. 4, 5). The specific case limit amounts used for each of the TRICARE sites and the methodology used to derive them were reported in the HQ Army Medical Command Publication Fiscal Year 1996 CHAMPUS Catastrophic Case Limits. With Comparison of Case Limit Estimate Derivations Using One Year Versus Three Years of Past Historical Data, TRICARE Catchment Areas, RP 96-003, DTIC: Not Yet Known, April 1996. Quarterly catastrophic re-insurance payment amounts are the differences between the most recent and the prior quarters' CHAMPUS catastrophic claim totals. A negative payment amount represents net recoupment actions/adjustments during the quarter. Fourth Quarter FY 1995 quarterly catastrophic payment amounts for the TRICARE sites were reported in the HQ Army Medical Command Publication CHAMPUS Catastrophic Payments For The Fourth Quarter, Fiscal Year 1995, Gateway Catchment Areas, RP 96-001, DTIC: AD A303 366, November 1995.

Finding the status of any catastrophic patient case from quarter to quarter is accomplished by comparing the Inpatient Record Numbers (INPT RCD #) for a catchment area from a previous quarterly report (i.e., Appendix A) with those on the most current Catastrophic Payment Report (Appendix B). If the Inpatient Record Number is on both the prior quarter's report and the current one, that catastrophic patient had net positive or negative claims in at least one of those quarters and is a continuing catastrophic case. Otherwise, a catastrophic case can appear to be newly added or dropped when compared with a previous report depending on whether the case's total government payment amount surpasses or drops below the catastrophic cutoff threshold for that catchment area, and whether or not claim payment activity took place during the reporting quarter. For example, on the First Quarter FY 1996 Catastrophic Payments Report (Appendix A), Fort Campbell MEDDAC catchment area had ten CHAMPUS patient cases qualified as catastrophic under Campbell's \$92,000 FY 1996 catastrophic case limit (see p. A-9). To be included in that report, each of those ten cases had to have government claim totals of \$92,000 or more as of 30 September 1995 and/or 31 December 1995, as well as a change in total net claims between the two dates. The Second Quarter FY 1996 Catastrophic Payments Report in Appendix B of this publication shows Fort Campbell with eight catastrophic patient cases, all having at least one quarter's catastrophic total above Campbell's \$92,000 case threshold amount and with some payment activity in claim totals between 31 December 1995 and 31 March 1996 (p. B-7). A patient case showing a total government payment amount of \$0 for the previous or current quarter's catastrophic total infers that the payment amount added to less than the catchment area's case cutoff limit.

Six of the ten first quarter Fort Campbell CHAMPUS patient cases reappeared on Campbell's second quarter report (INPT RCD # 9511110000406, 95091100004377, 95081100008296, 95121100007270, 95081100002410, 95081100011292). The other four cases from the first quarter report (INPT RCD # 95081100006030, 95041100008932, 95061100009725, 94111100001454) were likely omitted from the second quarter report due to payment inactivity between the two quarters and may reappear on upcoming Catastrophic Payments Reports should catastrophic payment totals between quarters increase or decrease at a later time. The second quarter report also shows that along with the six continuing cases from the previous quarter, there were two "new" catastrophic cases for Fort Campbell (INPT RCD # 96031100002271, 95091100010225). As listed on Fort Campbell's second quarter report (p. B-7), the catastrophic payment total as of 31 December 1995 for these newly appearing cases was \$0, meaning that as of that date neither of those cases had claims totaling at or above Campbell's \$92,000 catastrophic case cutoff amount. However this second quarter report also indicates that by 31 March 1996, the end of the second quarter, these two patient cases had government claim payments totaling respectively \$10,129 and \$3,366 over Fort Campbell's \$92,000 case limit, as listed in the 31 March 1996 catastrophic totals column.

Table 1 at the end of this Summary (p. 4) contains the First Quarter FY 1996 CHAMPUS Catastrophic Quarterly Payment Schedule and lists the summary totals of each catchment area's number of catastrophic cases and quarterly catastrophic total amounts from the Payment Reports for the quarter. Additionally, each site's FY 1996 cutoff amount is listed. Table 1 shows that CHAMPUS catastrophic re-insurance payments for the First Quarter positioned Eisenhower AMC as the catchment area with the lowest amount in catastrophic re-insurance payments, with a \$113,500 cutoff amount and \$-1,131 in First Quarter payments for their four catastrophic patient cases. Madigan AMC had the next lowest in catastrophic payments with eighteen patient cases totaling \$7,740 in catastrophic payments over Madigan's \$33,500 threshold amount. At the high end of the range, Tripler AMC with a \$39,500 cutoff amount had twenty-five cases on its Payment Report and catastrophic re-insurance payments of \$785,763, while Fort Hood MEDDAC had \$636,872 in payments and thirty-five patient cases at its \$52,000 case limit. Quarterly catastrophic payments for the First Quarter FY 1996 totaled to \$6,036,530 over all Army TRICARE sites and included care for a total of 409 catastrophic patients.

The Second Quarter FY 1996 CHAMPUS Catastrophic Quarterly Payment Schedule is listed in Table 2 (p. 5). This table shows that CHAMPUS catastrophic re-insurance payments for the Second Quarter placed Fort Hood MEDDAC as the catchment area with the highest amount in catastrophic re-insurance payments, with a \$52,000 cutoff amount, eleven cases on its Second Quarter Payment Report and catastrophic re-insurance payments of \$553,375, while Tripler AMC had \$513,036 in payments and twenty-four patient cases at its \$39,500 case limit. At the low end of the range, Fort Wainwright MEDDAC had a \$58,000 cutoff amount and \$-129 in Second Quarter payments for their two catastrophic patient cases. Fort Drum MEDDAC had the next lowest in catastrophic re-insurance payments with no active catastrophic patient cases during the quarter, for a total of \$0 in catastrophic payments at Drum's \$154,000 threshold amount. Quarterly catastrophic payments for the Second Quarter FY 1996 totaled to \$4,740,257 over all Army TRICARE sites and included care for a total of 307 catastrophic patients.

Technical Note. The following Tri-Service CHAMPUS Statistical Database Project (TCSDP) data were utilized for report:

- A) Composite Institutional Record (CIR) V2.0
- B) Composite Professional Record (CPR) V1.0
- C) TCSDP Indexing Logic Module #C12C6UN.
